The Bay State Nurseries

WINDSOR H. WYMAN, Proprietor

North Abington, Massachusetts.

WHOLESALE PRICE LIST FALL 1916

FOR NURSERYMEN, DEALERS, FLORISTS AND
LANDSCAPE ARCHITECTS ONLY.

Trees, Shrubs, Evergreens, Vines,
Roses and Herbaceous Perennials.

Long Distance Telephone, Rockland 26.

Cable Address, "Nursery," Boston.

Telegraphic Address, North Abington, Mass.

Location of Nurseries

The Bay State Nurseries are located in North Abington, Mass., 18 miles south of Boston, on the Plymouth division of the N. Y., N. H. & H. R. R.—half way from Boston to Plymouth. Trains leave the South Station at frequent intervals during the day. Visitors are always welcome. Our office is ten minutes' walk from the station. If notified, we gladly meet visitors at the station and take them about the nurseries.

The Planting Season

Evergreens can be successfully transplanted during August and September. Herbaceous Perennials do best when moved during September and before the middle of October. Trees and Shrubs can be safely planted any time after October 1st, until freezing weather sets in.

Directions for Shipping

Parties ordering are requested to state explicitly the mode of conveyance by which they desire their stock forwarded.

When no route is designated, we exercise our judgment; but in no case do we assume any responsibility after packages are shipped, unless for our own mistakes. When losses occur by detention, claims should at once be made on the TRANSPORTATION COMPANY.

INSPECTOR'S CERTIFICATE ACCOMPANIES EVERY SHIPMENT

CONDITIONS OF SALE

First—The articles on the following list will be furnished at the annexed prices only when the quantity specified shall be taken. Five hundred will be furnished at the thousand rate; fifty at the hundred rate and five at the ten rate.

Second—We give no warranty, expressed or implied, as to quality, description, productiveness, or any other matter of any nursery stock that we sell. No complaints will be considered that are not made within ten days after receipt of stock.

Third—The prices annexed do not include the boxes or bales. A charge for the actual cost of the boxes or the material used in baling is made. No charge for conveyance to freight station.

Our terms are cash, unless by special agreement. We can ship by express C. O. D., when desired, with charges for collection added to the bill—provided 20 per cent of the amount of the order accompanies the same as a guarantee. Said guarantee will be required only from parties with whom we have no business acquaintance. All bills remaining unpaid December 1st in fall, and June 1st in spring, will be subject to sight draft without further notice.

BAY STATE NURSERIES

North Abington, Mass.

PACKING HOUSE ADJOINING RAILROAD SIDING

Ornamental Department

NOTE—In compiling this list, we have endeavored to include only such varieties of stock as we have now in our nurseries, in sizes and quantities offered. In filling orders we shall grade stock according to these specifications. Should orders be received for sizes not found in this list, or should any specified grade be exhausted, we will send the nearest size we have in stock at the time the order is received and charge accordingly; **UNLESS OTHERWISE ADVISED.**

OUR TREES ARE ALL WELL GROWN

“Bay State Quality”

IS WRITTEN ALL OVER THEM

A partial view of our Evergreens in the Nursery.

MEDAL OF HONOR awarded us at the Panama-Pacific
Exposition in 1915 for Evergreens

EVERGREEN TREES

These Evergreens are all thrifty and heavily rooted, and have been several times transplanted. We have a number of large specimen Evergreens in variety not listed, also choice sorts recently imported. They can be seen at the nursery when prices will be given. It will pay you to come and see them.

☞ All Evergreens hereafter will be B & B (balled and burlapped), without extra charge individually, except in the case of small trees, in which several will be lifted with a ball and wrapped together in one bundle.

MAHONIA aquifolia (See Berberis aquifolia)			

Some people have strange notions about growing KALMIAS—Ask us about them—We have thousands of them, also LEUCOTHOE, which should be better known.

Partial view of Rhododendrons, Kalmias and Buxus in our Nurseries.

RHODODENDRONS

For many years we have been importing and growing RHODODENDRONS.

Our stock comprises many thousands of the best Catawbiense Hybrids in the various sorts and sizes listed below, also Catawbiense and Maximum types, and several of the best varieties of Alpines. All nursery grown—as healthy and vigorous as we have ever seen in European nurseries.

We have our own collector through whom we can furnish Maximums in any quantity desired.

DECIDUOUS SHRUBS

MEDAL OF HONOR awarded us at the Panama-Pacific Exposition in 1915 for Deciduous Shrubs.

Our shrubs are grown with plenty of space in the nursery rows to insure good, vigorous growth, and they lift with strong roots; they are healthy and make quick development after planting.

	Each	Per 10	Per 100
ACANTHOPANAX (See Aralia)			
ALMOND (See Prunus sinensis)

VIBURNUM CARLESII

A Korean shrub, absolutely hardy, more or less wooly, resembling a little in wood and foliage the Viburnum Lantana. Inflorescent terminal, the buds appearing in Autumn. It develops in April, and produces large corymbs of flowers, all fertile and similar, measuring three-fourths of an inch in diameter, with a half inch tube and five rounded lobes. Color rosy white, passing to pure white. Flowers exhale a delicious fragrance, as fine as that of jasmine, and when the plant is freed in a temperate house, the entire atmosphere is perfumed. The bush remains a low clump. See Page 40 for prices.

Champagne 2 yrs. New, fine variety 1 50

Silver Medal awarded us by the Massachusetts Horticultural Society
for the best display of Herbaceous Flowers.

Herbaceous Department

The growing of Herbaceous Perennials is one of the important features of our business. We have over fifteen acres devoted exclusively to the growing of Perennials. Our stock and variety of plants was never so large as now, and we feel sure that we can furnish this most popular class of plants from our fields that will be not only second to none, but far superior to much of the seedling pot-grown and divided stock which is being offered at low rates. Field grown stock of the proper size will secure for the planter the best possible results.

Hardy Perennials, Ferns and Grasses

Full descriptions will be found in our General Catalogue.

Augusta, White with lavender anthers; America, large pink; Independence, Brilliant rose-pink; Mrs. Francis King, Beautiful flame-pink; Brenchleyensis, brilliant vermilion- scarlet.		

A Word About Transportation

In no department of its usefulness has the Auto Truck proved itself of greater value than in the delivery of nursery stock.

FISRT—Because within a range of fifty miles from our nurseries, it can travel the distance so quickly that stock arrives as fresh as when taken from the nursery rows.

SECONDLY—Because the Truck lands the stock on the grounds where it is to be planted, thus saving the bother and expense of trucking and unpacking.

THIRDLY—Because it can be delivered at less expense than would be the boxing, freight and trucking charges if sent by freight in boxes, providing there is stock sufficient to make a respectable load for a truck.

The charges are made according to the distance travelled and the size of the truck used.

Remember that we have a siding at our packing house where we have every facility for handling car lots for long distances with promptness and efficiency.

Remember also that we are here to serve. Command and see how well we can execute your orders.

Our Nurseries are located 18 miles south of Boston on
the N. Y., N. H. and H. Railroad.

THE BAY STATE NURSERIES
NORTH ABINGTON, - MASSACHUSETTS.
